

Members of the SSHOC-CH Association

Membership in SSHOC-CH is open to people who carry out research and work or have worked in research infrastructures based in Switzerland, or who are committed to research infrastructures (whether national or the Swiss nodes of international research infrastructures).

Our definition and understanding of the notion “research infrastructure” is broad, which presents the advantage to be included and allow for a dynamic development that can adapt to the evolving needs of researchers.

Individual members:

- [Ackermann Rahel](#), Director, Swiss Inventory of Coin Finds (SICF)
